Revised Estimate for providing 6" diameter stoneware pipe sewer line over the subdrain No 1 and over a portion of cast iron main in Bangalore City for 4,985/-

---

Sir,

I have the honour to refer to Government Order No 2760-64/M1 32-110-160 40 dated 18th July 1941 sanctioning an estimate for the above for 3,600/- I have the honour to state that in the original estimate a lumpsum of Rs 200/- was provided for redoing cut up portions of tarred roads on the assumption that at least a major portion of the cost would be met under the annual maintenance grants for roads from out of Municipal funds But as the repairs that had to be done to the road surface after laying the sewer lines would not synchronise with the annual programme of road maintenance carried out by the Municipality it was found necessary to have the cut portion of the surface repaired separately The actual estimate forwarded by the Municipality for resurfacing the cut up portion amounted to Rs 2,160/- against the provision of Rs 200/- in the original estimate. The original estimate therefore required revision

The Special Officer has sent a revised estimate amounting to Rs 4,985/- as per actual execution The same with comparative statement and report is enclosed The excess of Rs 1,960/- over the original estimate will be met under 30 Grants for Public Improvements, 1 Bangalore City Improvement in the current year's budget

I request you to be so good as to obtain and convey sanction of Government to the revised estimate for Rs 4,985/-

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Health
